*Dedicated to the No More Deaths Volunteers Convicted for Leaving Water at the  
Cabeza Prieta National Wildlife Refuge in Arizona*

*By Tish Hinojosa's Songwriting Class on 01/19/19*

I am the walker who needs the water  
Water for the journey  
I am the walker whose body is failing  
Water for the journey

Chorus  
Oh the water...Where's the water?  
Water to carry on

I am the walker who stumbles and falters  
Water for the journey  
I am the walker down on my knees  
Water for the journey

Chorus  
Oh the water...Where's the water?  
Water to carry on

Leaving my homeland of heartache and pain  
Water for the journey  
I carry a vision of hope within me  
Water for the journey

Chorus  
Oh the water...Where's the water?  
Water to carry on

It's not OK that it's OK  
Water for the journey  
That someone dies of thirst today  
Water for the journey

Chorus  
Oh the water...Where's the water?  
Water to carry on

Repeat Chorus
